

Hello, I'm Lekshmi prakash, an MCA graduate with a strong foundation in Programming. With a passion for technology and innovation, I have dedicated myself to developing and refining my skills as a developer. I'm eager to embark on my professional journey in the IT industry. I'm passionate about applying this knowledge in a real-world setting. During my studies, I have undertaken several projects that allowed me to develop practical skills and solve real-world problems. Throughout my academics career, I have undertaken several projects. where I demonstrated my ability to learn quickly innovate and tackle challenges head on. Beyond my technical interest , I also have passion for drawing, dancing. As I enter into professional realm, I am excited to contribute my enthusiasam , creativity and fresh perspective to the team. And I also look forward to the opportunites that lie ahead in this ever evolving field. Though I am a fresher, I am highly motivated and committed to continuous learning and improvement. I am confident that my technical knowledge, combined with my proactive and collaborative approach, would make me a valuable asset to your organization.
